POLICY

1. School profile

Cardross Primary School was established in 1925 as part of a soldier settlement situated 15 kilometres south of Mildura and 5 kilometres west of Red Cliffs within a predominantly viticultural community.

Cardross Primary is a rural school with a current enrolment of 97 students and has a well-developed history of community participation. Its facilities are the major focal point of the Cardross community. A high value is placed on parent participation and involvement to develop and implement programs that encourage a positive, caring atmosphere. It is expected that the children of Cardross will leave the school with the skills, self-confidence and positive attitude to learning and life that will enable them to succeed.

There are currently five full time teachers, and a Tutor program is in place for students in need of additional support. A specialist program provides music, art, library skills and physical education. A well-structured camps program is in place for all students, beginning with an excursion and dinner for Years P-1, a sleep over at school for Year 2, a one-night camp for Years 3 and a 4-night camp for Years 4-6. The Adelaide trip and snow trip are always memorable times for students as they finish their final years at Cardross Primary School.

The school is attractive and well maintained. An administrative area and four learning spaces are located within the main building and a Mod 5 with an attached outdoor learning space provides another open, flexible learning area. The grounds are extensive, covering four hectares and include an oval, basketball court, sports storage, an asphalted area, sand pit, grassed areas, kitchen garden and native bushland. An amphitheatre between the buildings provides a weather-proofed gathering space, assembly area and eating space. Staff have worked hard in recent years to ensure the school is a pleasant and welcoming environment for children and their families each day. The school is a focal point of the small community and the physical environment is an important component that everyone associated with the school community can feel proud of.

There are high levels of collective efficacy amongst staff and a shared belief that we all can have a positive impact on student achievement. Staff work in highly collaborative structures, where their collective expertise is used to lead the improvement of student outcomes. Staff strive as a group to constantly improve their practice through a positive attitude to ongoing professional learning, implementation of evidence based instructional strategies and a shared approach to planning, monitoring and assessment.

2. School values, philosophy and vision

Cardross Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Cardross Primary School strives to be a safe and secure learning environment where staff and students learn with and from each other. A place where the acquisition of skills, knowledge and competencies are fused together to create deep and authentic learning experiences. Where ALL teachers have a deep understanding of ALL students through sharing responsibility and accountability for every student's academic, social and emotional growth. This learning environment is underpinned by our school values and the belief that all students can grow and achieve high standards.

Cardross Primary School is underpinned by our values which are: Care – A caring environment for students, families and staff.
